

BALLS FOR ZAMBRIDGE SENANGA

The Zambridge Senanga foundation would not be able to do its job without the support of the many donors who provide a regular stream of gifts. But apart from that there are also beautiful initiatives that generate extra money for a specific aim. "Balls for Zambridge Senanga", initiated by Baukje Hiemstra and Piet van Dijken is an example of such a private enterprise. During their visit of SODC and Maxanaedi in the summer of 2015 it appeared that both schools were lacking sufficient balls for sports activities. That observation resulted in a game of volleyball on a Sunday afternoon in a PE room in Leiden thus concluding the balls campaign which Piet and Baukje had started a month earlier. It was an enjoyable party that Sunday in Leiden and when the peace returned Edith van Middelkoop on behalf of Zambridge could accept an amount of over € 2000. A marvellous result which will be greatly appreciated by the schools in Senanga. The money for the balls (and a pump!) has already been transferred. The pictures below give an impression of the sports afternoon in Leiden.
